Parking at/near the Capitol Center Building (*not to be confused with the Capitol Building*)

The Capitol Center Building is adjacent to the Attorney General's Office Building at the intersection of Washington Street & 15th Avenue.

Address: 15 South 15th Avenue (15th Ave. between Jefferson & Washington)

There is plenty of parking in several different areas at or near this building. The building is located diagonally across the street from the ADE building; there is parking in both the ADE lot and in the ADE parking garage. There is also a large parking lot north of the Capitol Center Building on Adams St. and 15th Ave (behind the Commission for the Deaf and Hard of Hearing). There is also limited parking at the Capitol Building, as well as at the Attorney General's Office building next door.
